

MULTNOMAH DENTAL SOCIETY

Risk Management

Presented by: Chris Verbiest, DBIC

The objective of DBIC Risk Management is to provide a greater awareness of legal consequences resulting from the practice of dentistry. The program includes:

- The impact of thorough and defensive charting
- Board of Dentistry update
- General liability issues
- Staff training
- "Americans with disabilities" and your dental practices.

This session also reviews when to decline accepting a new patient, when to terminate the dentist/patient relationship, and common causes for Board of Dentistry complaints.

Those Insured by DBIC need to meet this requirement in order to receive their dividend. If you are not insured by DBIC check with your insurer to see if this program meets their requirement.

Medical Emergencies

Presented by: Steven Beadnell, DMD

Medical Emergencies occur in dental offices on a daily basis. Dentists and their staffs have an ethical and medicolegal obligation to be able to recognize and appropriately respond to these emergencies. This course will review the prevention, diagnosis and management of common medical emergencies in the dental office. Course content is appropriate for the entire dental team and fulfills the Oregon Board of Dentistry's relicensure requirements for medical emergencies and anesthesia permits.

Objectives:

- Be able to determine what emergency equipment is appropriate for your office to have available for the management of medical emergencies.
- Develop a knowledge base within the entire dental team to allow them to develop an emergency response plan appropriate for their office.
- Be able to review the medical history and recognize which patients are at risk to develop specific medical emergencies
- Understand the signs and symptoms of common medical emergencies and develop a rational approach to their management in the dental setting.

Speaker:

Steven W. Beadnell, DMD graduated from University of Oregon Dental School in 1980. He completed a general practice residency upon his graduation and then completed his oral & maxillofacial surgery training at David Grant USAF Medical Center in 1988. He has been in private practice in Portland and an Adjunct Associate Professor at OHSU School of Dentistry Department of Oral Maxillofacial Surgery, since returning to Portland in 1991. He currently practices in Portland, Oregon at Sunset Oral & Maxillofacial Surgery with Brett A. Ueek, DMD, MD.
